IMPORTANT

This register is expected to serve the room in which it is used for one school year ONLY.

If the school is taught for the entire year by the same teacher the Register with the required annual Report should be delivered into the hands of the proper school officer at the close of the school year and such officer should closely inspect both the Register and the Report and see that all entries are correctly made before issuing the order for the teacher's salary then due.

If two or more teachers are employed, the Register (and a term report if such is required) should be delivered into the hands of the proper school officer by each teacher in turn at the close of her term of school and such officer should see that all entries are made to date before issuing the order for the teacher's salary then due.

The teacher in office at the close of the school year should file a complete report for the entire school year, using the blank form furnished for that purpose.
